Dear Hero,

Thank you so much for serving our country. I can't imagine how it feels to risk your life for your country, and not get the recognition you deserve. I just want to let you know that my generation and my class look up to you like a hero. I know it is 50 years too late, but I wish I could go back in time and give you as much love and care that you deserve. Hopefully, this is the warm welcome, and support you have always dreamed of. You are one of the strongest and bravest people alive, due to your experience in the war and after the war. I hope that this letter will give you pride in your service and help you to never regret your time.

With love & respect,
Alina
